

STUDIO LOVELY JUBLEY

Food Portfolio

We're Freya and Charlie, the photographer and stylist duo behind Studio Lovely Jubley. We provide high-quality visual content for both print and screen.

Our combined skill and experience means we can offer you the whole package from concept to delivery. We style and create beautiful images of products, food, and drink for print, digital use, and social media.

We produce content at competitive rates from our in-house studio. If you have any projects you'd like to discuss with us, please get in touch.

We'd love to work with you.
